III. STATEMENT OF CASE RE SUBJECT MATTER JURISDICTION

Both parties state the following: Sanmina Corporation is a Delaware corporation with its principal place of business in San Jose, California. Dialight plc is an entity formed under the laws of England with its principal place of business in London, England. The amount in controversy exceeds \$75,000.00. The Court thus has jurisdiction over this matter pursuant to 28

USC § 1332(a)(2).

IV. SUMMARY OF CLAIMS AND DEFENSES¹

A. Sanmina's Claims and Defenses

1. Sanmina's Claim That Remains to Be Tried

A/R Claim (Count 1): Sanmina will show that Dialight owes Sanmina \$5,292,950.00 for goods and materials Dialight ordered from Sanmina that Sanmina delivered to Dialight and that Dialight did not reject and did not pay for. This claim also includes amounts owed by Dialight to Sanmina for overhead, tooling, repair, and service charges that are memorialized in purchase orders and invoices. Each of the invoices past due bears interest at the rate of 1% per month commencing 30 days after issuance of said invoice.

E&O Claim (Count 2): Sanmina will show that Dialight owes Sanmina \$8,646,572.45 for materials Sanmina ordered on behalf of Dialight that Dialight refuses to accept or pay for. Sanmina holds \$5,304,730.42 that Dialight deposited into a reserve account that partially offsets this sum. As required by the MSA, Sanmina used Dialight's forecasts to order materials so that Sanmina could manufacture products when it received purchase orders. Under Section 1.5 of the MSA, Sanmina is required to order materials based on the time it takes to obtain them and may sometimes have to buy more than is required if suppliers impose minimum order quantities. If that order process leaves Sanmina with excess materials, Dialight is required to pay for those materials under section 8 of the MSA. Dialight's E&O liability bears interest at the rate of 1% per month commencing twenty business days after Dialight's breach and repudiation of its E&O obligations.

¹ The parties dispute which party should be permitted to present its case-in-chief first at trial. This issue will be presented to the Court in the parties' forthcoming submissions, pursuant to the parties' proposed submission deadlines so-ordered by the Court. (Dkt No. 227.)

Interest Calculation: Prejudgment interest is generally added by the Court and is not a matter submitted to the jury; however, Sanmina will submit a jury instruction on the issue (and add it to the special verdict) if the Court decides it should be submitted to the jury. For ease of calculation, Sanmina deferred the calculation of interest to January 31, 2019, which is the termination date specified in Dialight's notice of termination. Interest through July 26, 2024 is \$8,144,725.38. Sanmina will update this figure at trial if necessary.

2. *Sanmina's Defenses That Remain to Be Tried*

Election of Remedies: Dialight seeks the same measure of damage in both its contract claim and its fraud claim. Its damages are thus duplicative, and Dialight is required to elect its remedies.

Third Affirmative Defense: Contractual Limitation on Damages: Sanmina will show that the parties expressly contracted for a limitation on the amount of damages recoverable. Section 22.4 of the MSA expressly limits liability for claims arising out of or relating to the MSA to the greater of either \$1,000,000 or three percent (3%) of the trailing 12 months of revenue for the product paid for under the MSA. Thus, Dialight's recovery, if any, is limited by Section 22.4 of the MSA.

Fourth Affirmative Defense: Failure to Mitigate Damages: Sanmina will show that Dialight failed to take reasonable steps to mitigate damages. As initially proposed, Dialight was to transfer to Sanmina only two product lines and then pause to determine whether the relationship worked. Despite Dialight's claim that the relationship never worked, Dialight continued to transfer additional product lines to Sanmina. Had the relationship not been working, Dialight would have been required to mitigate damages by cancelling further transfers. Thus Dialight either failed to mitigate its damages or is falsely claiming that the relationship

never worked.

Seventh Affirmative Defense: Excuse /Waiver: Sanmina's performance under the MSA was hindered by circumstances beyond its control, including Dialight's failure to perform its obligations under the MSA and the unavailability of certain parts specified by Dialight, in particular parts generally known as "discretos." Dialight also failed to provide accurate forecasts, bills of material, and product specifications, and it failed to timely supply materials to Sanmina. Dialight's performance and/or cooperation was necessary to Sanmina's performance under the contract, and their failure to do so excused any resulting delay in Sanmina's performance. NY UCC 2-311(3) Additionally, Dialight made demands for performance at variance with the terms of the MSA.

Ninth Affirmative Defense: Waiver: Having demanded continuing performance from Sanmina under the MSA, Dialight has affirmed the contract and has waived any claim that it was fraudulently induced to enter into it. Dialight also waived its right to challenge its liability for materials for which it made payments into the MSA-mandated offset inventory reserve account, and thus, cannot now claim that those payments for which it has admitted liability, constitute an element of damage recoverable in this matter. As to any alleged, incomplete, defective or late deliveries, Dialight's failure to give timely notice bars any claim for damages. NY UCC 2-607(1), 2-714.

Eleventh Affirmative Defense: Waiver / Estoppel: Having demanded continuing performance from Sanmina despite claims that Sanmina was in breach of the MSA and that Dialight was defrauded into signing it, and Sanmina having relied on those demands to continue performing, Dialight has affirmed the contract and has waived and/or is estopped from claiming that it was fraudulently induced to enter into it.

Fourteenth Affirmative Defense: No Consequential Damages: Sanmina will show that the parties expressly contracted for a limitation on special, incidental, indirect or consequential damages of any kind. (§ 22.4 of Ex. 24 (MSA)). Thus, Dialight is barred from recovering these types of damages, including lost profits.

3. *Affirmative Defenses Previously Asserted Which Will not Be Tried*

First Affirmative Defense: Failure to State a Claim

Second Affirmative Defense: Anticipatory Repudiation

Fifth Affirmative Defense: Setoff

Sixth Affirmative Defense: Consent

Eighth Affirmative Defense: Dialight's Breach of Contract

Tenth Affirmative Defense: Release

Twelfth Affirmative Defense: Acceptance of Tenders

Thirteenth Affirmative Defense: Acts of Others

Fifteenth Affirmative Defense: Economic Loss Doctrine

Sixteenth Affirmative Defense: Duplicative Gross Negligence Claim

Seventeenth Affirmative Defense: Improper Fraud Claim

Eighteenth Affirmative Defense: Failure to Plead Fraud with Sufficient Particularity

B. Dialight's Claims and Defenses

1. *Dialight's Claims That Remain to Be Tried*

Fraudulent Inducement (Count 1): Dialight will prove that Sanmina fraudulently induced it to sign the Manufacturing Services Agreement by falsely representing, among other things that it possessed the necessary expertise to satisfy the demands of Dialight's "high mix, low volume" production model and could accommodate wide variations in forecasts. Sanmina also falsely

represented its available space, capacity, and capabilities; its level of support for the Dialight opportunity; the IT integration required between Dialight's and Sanmina's systems; and presented what it called a "bullsh*t" financial matrix under the guise that it was legitimate. Dialight will prove that Sanmina acted with scienter in making these misrepresentations, and that Sanmina intended for Dialight to rely on them. Dialight will further prove that Dialight did rely on these misrepresentations, and that its reliance was reasonable. Dialight will prove that it suffered damages as a result, and that Sanmina cannot use the limitation of liability provision in the MSA to shield itself from these damages.

Breach of Contract (Count 2): Dialight will prove that Sanmina breached the Manufacturing Services Agreement in multiple ways. Not only will Dialight prove that Sanmina breached the Manufacturing Services Agreement, Dialight will prove that Sanmina did so in a way that smacks of intentional wrongdoing and egregious misbehavior, constituting willful misconduct.

Post-Contractual Fraud: Dialight will prove that Sanmina engaged in fraudulent conduct over the course of the MSA by, among other things, overcharging Dialight for labor and materials. *See* Fed. R. Civ. P. 15(b)(2) ("When an issue not raised by the pleadings is tried by the parties' express or implied consent, it must be treated in all respects as if raised in the pleadings."); *see also Cit Bank, N.A. v. Zisman*, 2021 U.S. Dist. LEXIS 147269, at *16-17 (E.D.N.Y. Mar. 1, 2021) (finding that a party implicitly consented by discussing the merits of the issue in their opposition to summary judgment); *Mahnevich v. Bougopoulous*, 2022 U.S. Dist. LEXIS 57706, *47 n.9 (E.D.N.Y. Mar. 29, 2022) (same) ("Because Defendants have consented by briefing this issue [], the court proceeds to consider [this issue]."). Based on Sanmina's acknowledgement at summary judgment that "Dialight claims . . . that Sanmina committed fraud

throughout the parties' relationship" (Dkt. No. 83 at 18), Sanmina has recognized that evidence for post-contract fraud has entered the case based on the documents produced by Sanmina in discovery.

2. *Dialight's Defenses That Remain to Be Tried:*

General Defense: Dialight denies that it is liable for Sanmina's accounts receivable and excess and obsolete inventory claims. Dialight also denies that Sanmina is entitled to any relief.

Second Affirmative Defense: Willful Misconduct: Sanmina's willful misconduct was responsible for the build-up of the excess and obsolete inventory barring Sanmina's recovery.

Fifth Affirmative Defense: No Damages: Sanmina is barred from relief because Sanmina sustained no damages as a result of any conduct by Dialight.

Sixth Affirmative Defense: Failure to Mitigate: Sanmina is barred from relief because Sanmina failed to mitigate its damages, if any.

Seventh Affirmative Defense: Breach of the MSA: Sanmina is barred from relief because Sanmina itself breached the MSA and/or engaged in conduct that excused Dialight's performance thereunder.

Eighth Affirmative Defense: Condition Precedent: Sanmina is barred from relief because it has failed to satisfy conditions precedent to Dialight's performance under such contract.

Ninth Affirmative Defense: Accord and Satisfaction: Sanmina is barred from relief because, in whole or in part, Dialight's obligations under such contract were relieved by Plaintiff's acceptance of an accord and satisfaction.

Tenth Affirmative Defense: Offset: Sanmina is barred from relief because the amount to which it claims entitlement must be offset by the amounts Sanmina owes to Dialight.

Eleventh Affirmative Defense: Waiver, Estoppel, Laches: Sanmina is barred from relief,

in whole or in part, by the doctrines of waiver, estoppel, and/or laches.

Thirteen Affirmative Defense: Unclean Hands: Sanmina's recovery is barred by the doctrine of unclean hands.

3. *Dialight's Defenses Which Will Not Be Tried:*

First Affirmative Defense: Failure to State a Claim: Sanmina has failed to state claims upon which relief may be granted.

Third Affirmative Defense: Fraud: Sanmina is barred from relief because the MSA is invalid as a result of fraud in the inducement.

Fourth Affirmative Defense: Gross Negligence: Sanmina is barred from relief because any terms in the MSA regarding limitations of damages are invalid because of the gross negligence of Sanmina.

Twelfth Affirmative Defense: Exclusive Performance: Sanmina's second claim for breach of contract cannot request any remedy other than specific performance, in that Sanmina seeks to enforce Dialight's purchase of materials to which Sanmina currently holds title.

V. STATEMENT RE NUMBER OF TRIAL DAYS

A. Sanmina's Estimate

Sanmina estimates the trial will require approximately 10 days. However, if Dialight is permitted to expand the trial with fraud allegations it failed to plead and with damage theories that are inconsistent with the terms of the contract, the 10-day estimate could be jeopardized.

B. Dialight's Estimate

10 days.

VI. JOINT STATEMENT SUMMARIZING CASE²

² As explained above, the parties dispute which party should be permitted to present its case-in-chief first at trial. This issue will be presented to the Court in the parties' forthcoming submissions, pursuant to the

Sanmina and Dialight each filed suit in this case. Sanmina claims that Dialight owes Sanmina money for goods that Sanmina claims it sold and delivered to Dialight and for excess and obsolete materials that Sanmina claims it held at the termination of the contract. Dialight claims that Sanmina fraudulently induced Dialight to enter into the contract. Dialight also claims that Sanmina breached the contract by failing to perform its contractual obligations, and did so in a willful manner; and independent of its contractual breaches acted fraudulently while the contract was in effect³. Both parties are seeking damages.

VII. LIST OF PEOPLE, PLACES AND INSTITUTIONS

Bob Eulau	Deposition	Mr. Eulau will testify about Sanmina's performance during the MSA.
Bob Green	TBD: Dialight is attempting to serve a trial subpoena to Mr. Green but is designating deposition testimony in case he does not attend trial. Sanmina's counsel has represented that they are in contact with Mr. Green.	Mr. Green will testify about Sanmina's representations to induce Dialight to sign the MSA, Sanmina's performance during the MSA, and Sanmina's AR and excess and obsolete materials claim.

XI. DESIGNATION OF DEPOSITION TESTIMONY⁴

⁴ The parties' designations, objections, and counter-designations were made in a good faith effort. The parties reserve the right to supplement, object to, and counter-designate additional testimony as necessary.

The parties exchanged deposition designations to be offered in their case and chief on June 13, 2024, in accordance with the Court's Standing Order. Those designations, along with the parties' counter-designations and objections are below.

A. Sanmina's Designations

1. 7/29/2021 S. Sutsko Dep. Tr. at 83:8-84:4; 86:9-88:1; 150:2-151:2; 251:51-252:18
 - (a) Dialight counter designation: 185:23-187:13
2. 8/31/2021 F. Khanbabi Dep. Tr. at 117:8-118:6; 187:23-189:18; 147:16-147:18
 - (a) Dialight objects to 117:8-118:6 for relevance.
3. 9/30/2021 D. Harris Dep. Tr. at 164:10-165:12; 188:9-189:19
4. 5/25/2021 R. Green Dep. Tr. at 24:22-25; 88:20-24; 89:9-90:7; 91:3-17; 124:12-14; 216:1-12; 218:4-7; 235:25-236:6
 - (a) Dialight objects to 88:20-24 because it is incomplete.
 - (b) Dialight objects to 89:9-90:7 because it is incomplete.
 - (c) Dialight objects to 235:25-236:6 because it is nonresponsive to the question and incomplete.
5. Sanmina's Counter designations and objections are attached hereto as **Exhibit 2**.

XII. EXHIBITS

All disclosures required by Fed. R. Civ. P. 26(a)(3) have been made. The parties' Joint Exhibit List is attached as **Exhibit 1**. A single asterisk indicates that the parties stipulate to authenticity; two asterisks indicate a stipulation to admissibility. While the parties do not anticipate objections to many exhibits, they are reluctant to enter into a blanket stipulation as to admissibility given the risk that documents may then be admitted that are never discussed at trial.

XIII. STATEMENT OF DAMAGES

A. Sanmina's Statement

A/R Claim (Count 1): This claim is for the principal sum of \$5,292,950.90 plus interest thereon at the rate of 1% per month, commencing 30 days after the issuance of each invoice comprising this sum. Sanmina is also entitled to recover its attorneys' fees and costs of suit in accordance with the terms of the MSA.

E&O Claim (Count 2): This claim is for the principal sum of \$8,646,572.45 less sums held in the reserve account plus interest thereon at the rate of 1% per month, commencing 20 business days following the date of Dialight's breach and repudiation of its E&O obligation under the MSA. Sanmina holds a reserve account in the sum of \$5,304,730.42, which is applied against Dialight's liability, leaving the net claim of \$3,341,842.03. Sanmina is also entitled to recover its attorneys' fees and costs of suit in accordance with the terms of the MSA.

B. Dialight's Statement

Dialight seeks \$216 million in its decimated market capitalization; or, alternatively, in the range of \$31 million to \$48.2 million plus the direct costs it incurred totaling \$43,796,000, to restore Dialight to the position it would have been in had the fraudulent conduct not occurred.

Even if the limitation of liability cap in the MSA were to apply (and Dialight will prove it should not), Dialight will prove that it is entitled to the maximum amount of contract damages allowed under the MSA: \$2.7 million (the upward limit of the liability cap), in addition to at least \$2.568 million of warranty-related charges for defective goods made by Sanmina, Sanmina's possession of Dialight's goods that Sanmina failed to return to Dialight, supplies delivered from Dialight to Sanmina that Sanmina has failed to pay for, and certain fixed asset costs paid for by Dialight, which are not covered by the liability cap.⁵

XIV. STATEMENT OF CONSENT TO LESS THAN UNANIMOUS VERDICT

Sanmina does not consent to a less than unanimous verdict. Dialight consents to a less than unanimous verdict if there are 8 jurors or more.

XV. OTHER ISSUES

1. The form in which certain witnesses will testify at trial;
2. Whether a particular witness will be permitted to testify;
3. The order of proof at trial;
4. Determination of whether the issues of prejudgment interest and attorneys' fees should be submitted to the jury; and
5. Sanmina's contention that Dialight has introduced an additional liability theory and damage claims in this Joint Pretrial Order which Sanmina contends cannot be added at this late stage.

The parties intend to submit briefs on the first three of these issues pursuant to the schedule set forth in the parties June 14, 2024 filing and agreed to by the Court (ECF No. 227).

⁵ Sanmina does not agree that this paragraph, purportedly identifying damages not previously identified and a calculation of the liability cap never before identified are properly before the Court.

¹ Due to a misunderstanding between the parties, Dialight did not designate deposition testimony for Tom Sugai, Frank Shoemaker, or Michael Giggey when the parties initially exchanged deposition designations on June 13, 2024. During their meeting on June 14, 2024, the parties agreed that Dialight would provide deposition designations for these witnesses. Because Sanmina did not receive these designations until June 17, 2024, it has not had an opportunity to object or counter-designate deposition testimony and reserves the right to do so.
